## HIS CONDITION SERIOUS

King Edward Is Reported as Not Being So Well as at First.

## UNEASINESS EXISTS.

All the Embassies Are Preparing to Leave London—He Passed a Comfortable Morning, but Is Not Out of Danger.

London, June 25.—With dramatic suddenness the king has been stricken down upon the eve of his coronation and he lies in a critical condition at Buckingham palace.

Shortly before 2 o'clock Tuesday afternoon his majesty was moved from his couch to the operating table and an anaesthetic was administered. Sir Frederick Treves made the incision near the patient's groin and carried it upwards, with an outward slant, for nearly four inches.

The obstruction was removed and a tubing was placed in the affected intestine.

The last bulletin stated the king was doing as well as could be expected.

London, June 25.—Anxious suspense over the condition of King Edward is shared, as is evidenced by the shoals of telegrams from abroad, by the whole civilized world, hardly to be much lessened by the bulletin issued by the attending physicians at 10:30 o'clock this morning, as follows:

"His majesty was very restless and had no sleep during the early part of the night. He obtained some sleep, however, after 1 o'clock yesterday morning and is free from pain and no untoward symptoms presented themselves. Considering all the circumstances his majesty may be said to be progressing satisfactorily."

Earlier unofficial reports have been more favorable than the official medical pronouncement. They spoke of the king as having passed a good night with peaceful rest and the announcement of his majesty's restlessness and lack of sleep are regarded by the general public as by no means reassuring, although court officials profess satisfaction.

The absence of all mention of the patient's temperature causes comment, although probably the statement that up to the present "no untoward symptoms presented themselves" is intended to indicate there has been no dangerous rise in the temperature.

In medical circles the opinion is expressed that in the phrase just noted the surgeons are saying all they possibly can. In fact, the whole meaning of the bulletin is concentrated therein, rest being purely corollary thereto.

Private information from Buckingham palace substantially bears out the official bulletin issued at 10:30, except that the king had rather a worse night than was indicated therein. His majesty, however, is resting easier and was sleeping at 10:30 o'clock this morning.

The exodus of coronation embassies has already begun. The next two or three days doubtless will see the departure of all but one or two and these will close up the official establishments and remain in London merely as private persons.

Tomorrow has been officially appointed a day of intercession for the king and in every parish of the church in the united kingdom special intercessory services will be held. Catholics, non-Conformists, Jews, Salvationists

and by Dr. Frederick Hewitt.

"The abscess was opened around the gæcum, pus evacuated and the cavity drained. There was no resection of the bowel, newspaper reports that a resection was required to preserve the continuity of the intestine being entirely misleading. The recovery from anaesthesia was satisfactory. The patient passed a restless night, succeeded by improvement, his condition being favorable on Wednesday at noon."

## TAFT SUCCEEDS.

Will Make Favorable Negotiations for Friar Lands in Philippines.

Rome, June 25.—There is no doubt that the negotiations of Judge Taft with the Vatican regarding the disposition of the friar lands in those islands will end in the success of the American proposals in all essential points. Representations of serious hitches are denied, although diversity of opinion regarding details has developed, thus prolonging negotiations.

Judge Taft has presented another note to Cardinal Rampolla precisely indicating the American wishes and asking for a categorical reply thereto.

## One Death from the Fire.

Dallas, June 25.—John Clark, driver of chemical engine No. 1, died Tuesday night at 8:30 o'clock at 580 Live Oak street. He was one of the bravest firemen in the service, always ready to respond to the call of duty, and was one of the best liked men in the fire department. He was a single man, and had been with the department off and on for the last seven years. He was overheated at 2:40 p. m. Tuesday, when the last six houses on Peak street were burning. He was holding the nozzle of a hose on Peak street near Simpson when a mass of flame from the burning buildings spread toward him. Many firemen advised him to leave, but he refused. The heat became so intense that the firemen were driven back. Clark was seen to fall and then drag himself as far as possible from the burning buildings. He was picked up, placed on a cot and taken to the branch on Peak street and placed in the shade of some trees. From that up to the time of his death he was unconscious. His age was 25 years. He was born at Arlington, Tex., and was the son of J. P. Clark, who is in business in this city.

## Water Famine Threatened.

Ennis, Tex., June 25.—At the suggestion of mayor pro tem a large number of citizens of Ennis met here Tuesday with the city council to discuss the problem of a water supply, which is just now the most serious question confronting this city. J. Baldrige suggests that water for domestic use and fire purposes should be pumped from the two artesian wells here and that other deep wells should be developed and that the water now in the lakes should be kept for use by the railroads. A committee was appointed to consider the matter as outlined and put practical plans in operation as soon as possible.

## Killed by an Electric Shock.

New York, June 25.—Mrs. J. D. Anderson has met death at Croton, N. Y., in a peculiar manner. She was walking through her husband's store, carrying a pan of cherries, when she stopped and raised her hand to turn on an electric lamp, and to steady herself, is supposed to have rested the pan against an iron railing about the counter. The light current was accidentally grounded and she received a shock of 1800 volts, causing instant death.

## Drowned in a Tank.

Harwood, Tex., June 25.—While bathing in a tank with a party of Mexicans D. Trevenio was drowned. He was on his horse riding around in the tank and his horse stumbled and threw him some distance in the water 10 or 12 feet deep, and he could not swim. Others of the party tried to save him, but he sank before his rescuers could reach him.

### WEDDING AT WHEELLOCK.

Miss Florence Cavitt and Mr. W. T.  
Goode Married Last Night.

The church at Wheelock, beautifully decorated in pink and white, with graceful arches and festoons of smilax, was the scene of a pretty wedding last night at 8:30 o'clock. Miss Florence Cavitt was the bride, Mr. W. F. Goode of Bay City, Texas, the fortunate groom, and Rev. Aiken of Hearne the officiating minister. Miss Lottie Hampton of Fordyce, Ark., was maid of honor and Mr. W. S. McCarthy of Kansas City best man. The other attendants were Miss Ethel Beller and Miss Lizzie Cavitt, sister of the bride, Mr. Sam Sparks of Belton and Mr. Sam Cavitt, brother of the bride. Miss Ruth Cavitt, sister of the bride, presided at the organ and was assisted by Miss Mitchell on the violin. The wedding march was "Lohengrin" and the recessional "Mendelssohn." Messrs. Will Hedrick and Will Hanover were ushers.

The bride's dress was of white satin en traine with veil and orange blossoms. The maid of honor wore white organdie over white taffeta, and the other bridesmaids pink organdie over pink taffeta.

The bridal party was entertained at the home of the bride's parents after the wedding, and Mr. and Mrs. Goode left last night for a tour through Colorado and California. They will return to Texas City where they

### BRYAN LIGHT GUARD.

Company G, Second Texas Volunteer  
Guard Now Organized.

The military company organized by Capt. Geo. W. Winter and Lieut. E. E. Walker, held a meeting Tuesday night and the members were duly sworn in and signed the muster roll. The name of the Bryan Light Guard was selected, and Miss Alice Myers was elected sponsor. The organization has been designated Company G, Second Texas, Col. Gordon Boone of Navasota, commanding. Capt. Winter expects to receive uniforms, guns, etc., within ten days, and no time will be lost in getting ready for the encampment. The boys are in earnest and feel much encouraged. They are circulating a subscription list to raise funds for fitting up their armory and other incidentals. They are also in need of a flag, which it will be necessary for them to take to the encampment in July.

Capt. Winter says the by-laws will forbid any intoxicated member from remaining at meetings of the company or in ranks, and that no member will be allowed to drink intoxicants while in uniform. It looks very much like the boys have started in with full determination to make a success of the movement, and the Eagle hopes they will be liberally encouraged.

## A DISASTROUS STORM

Telegraph and Telephone Lines Are  
Blown Down In Indiana.

### EIGHTEEN ARE DEAD.

Eighteen Horses In a Funeral Procession  
Were Killed—Several People  
Killed at Pendleton—Houses  
Are Blown Down.

Indianapolis, June 25.—The most terrific  
storm for many years swept over  
central Indiana about 9 o'clock this  
central Indiana about 9 o'clock yesterday  
morning. Telegraph and telephone  
wires torn down along its trail and as  
noon communication with the storm  
swept section almost entirely interrupted.

From information which had reached  
Indianapolis up to noon it was believed  
there had been heavy loss of life. The  
storm spent most of its force twenty  
or thirty miles northeast of Indianapolis,  
between Greenfield on the south and  
Anderson on the north. Maxwell, Cleveland  
and Pendleton suffered most severely.

Telephone message from Greenfield  
says an awful storm swept over Hancock  
county, taking in Wilkinson and  
Pendleton. It blew down houses in  
these towns and from ten to eighteen  
people are reported killed.

Three men in a chain factory at  
Maxwell are supposed to be killed. In a  
funeral procession at Cleveland, Ind.,  
eighteen horses are reported killed.

At Maxwell the grain elevator was  
blown down as well as the chain factory.

Several people are supposed killed  
in Pendleton.

Nearly every house in Cleveland is  
blown down.

The roof was blown off the Holiweg-  
Reese Bottle factory in Greenfield.

Since 10:15 this morning no  
Gas Belt traction cars have reached  
or left Indianapolis.

At Linden, Ind., the plant of the  
Greer-Wilkinson Lumber company was  
wrecked.

Lebanon, Ind., reported that an im-  
mense tree had been blown across the  
track of the telephone wires, destroying  
for a time all outside communication.

The Indianapolis Telegraph and  
Telephone company suffered severely,  
the only way Chicago could be reached  
was through St. Louis. Connection  
could be had with Terre Haute and  
Louisville, but for hours the greater  
part Indiana was cut off and no cities  
north or east could be reached.

The greatest damage done to the  
Independent company's system was  
reported in Hamilton county.

The Union Traction company's of-  
fices in this city received a message  
saying several people are reported  
killed at McCordsville, Ind.

Indianapolis, June 26.—It is reported  
here that a storm equal in force to a  
tornado struck Greenfield, 20 miles east  
of here, doing great damage. Ten people  
are reported killed at Maxwell,  
near Greenfield, but this is unconfirmed.  
Physicians have gone from Greenfield  
to Maxwell.

near Alvin, died Tuesday at the Sealy  
hospital in this city. He served in the  
Texas army in the war with Mexico,  
and also later with Admiral Faragut.  
At the time of his death the deceased  
was drawing a pension from the federal  
government, and had just received  
notice of an increase. So far as known  
he was destitute and had no relatives.  
The remains were taken charge of by a

The military company organized by Capt. Geo. W. Winter and Lieut. E. E. Walker, held a meeting Tuesday night and the members were duly sworn in and signed the muster roll. The name of the Bryan Light Guard was selected, and Miss Alice Myers was elected sponsor. The organization has been designated Company G, Second Texas, Col. Gordon Boone of Navasota, commanding. Capt. Winter expects to receive uniforms, guns, etc., within ten days, and no time will be lost in getting ready for the encampment. The boys are in earnest and feel much encouraged. They are circulating a subscription list to raise funds for fitting up their armory and other incidentals. They are also in need of a flag, which it will be necessary for them to take to the encampment in July.

Capt. Winter says the by-laws will forbid any intoxicated member from remaining at meetings of the company or in ranks, and that no member will be allowed to drink intoxicants while in uniform. It looks very much like the boys have started in with full determination to make a success of the movement, and the Eagle hopes they will be liberal y encouraged.

## A DISASTROUS STORM

Telegraph and Telephone Lines Are  
 Blown Down In Indiana.

### EIGHTEEN ARE DEAD.

Eighteen Horses In a Funeral Procession  
 Were Killed—Several People  
 Killed at Pendleton—Houses  
 Are Blown Down.

Indianapolis, June 25.—The most terrific  
 storm for many years swept over  
 central Indiana about 9 o'clock this  
 central Indiana about 9 o'clock yesterday  
 morning. Telegraph and telephone  
 day morning. Telegraph and telephone  
 wires torn down along its trail and as  
 noon communication with the storm  
 swept section almost entirely interrupted.

From information which had reached  
 Indianapolis up to noon it was believed  
 there had been heavy loss of life. The  
 storm spent most of its force twenty  
 or thirty miles northeast of Indianapolis,  
 between Greenfield on the south and  
 Anderson on the north. Maxwell, Cleveland  
 and Pendleton suffered most severely.

Telephone message from Greenfield  
 says an awful storm swept over Hancock  
 county, taking in Wilkinson and Pendleton.  
 It blew down houses in these towns  
 and from ten to eighteen people are reported killed.

Three men in a chain factory at  
 Maxwell are supposed to be killed.

In a funeral procession at Cleveland,  
 Ind., eighteen horses are reported killed.

At Maxwell the grain elevator was  
 blown down as well as the chain factory.

Several people are supposed killed  
 in Pendleton.

Nearly every house in Cleveland is  
 blown down.

The roof was blown off the Holiweg  
 Reese Bottle factory in Greenfield.

Since 10:15 this morning no  
 Gas Belt traction cars have reached  
 or left Indianapolis.

At Linden, Ind., the plant of the  
 Greer-Wilkinson Lumber company was  
 wrecked.

Lebanon, Ind., reported that an immense  
 tree had been blown across the track  
 of the telephone wires, destroying  
 for a time all outside communication.

The Indianapolis Telegraph and  
 Telephone company suffered severely.  
 The only way Chicago could be reached  
 was through St. Louis. Connection  
 could be had with Terre Haute and  
 Louisville, but for hours the greater  
 part Indiana was cut off and no cities  
 north or east could be reached.

The greatest damage done to the  
 Independent company's system was  
 reported in Hamilton county.

The Union Traction company's offices  
 in this city received a message  
 saying several people are reported  
 killed at McCordsville, Ind.

Indianapolis, June 26.—It is reported  
 here that a storm equal in force to a  
 tornado struck Greenfield, 20 miles east  
 of here, doing great damage. Ten people  
 are reported killed at Maxwell,  
 near Greenfield, but this is unconfirmed.  
 Physicians have gone from Greenfield  
 to Maxwell.

### Served in Two Wars.

Galveston, Tex., June 25.—Michael  
 Commiss, an aged Greek who was injured  
 by a Gulf, Colorado and Santa Fe  
 train while walking on the track near  
 Alvin, died Tuesday at the Sealy hospital  
 in this city. He served in the Texas  
 army in the war with Mexico, and also  
 later with Admiral Faragut. At the time  
 of his death the deceased was drawing a  
 pension from the federal government,  
 and had just received notice of an increase. So far as known  
 he was destitute and had no relatives.  
 The remains were taken charge of by a  
 Greek fraternal order of this city, and  
 will be interred under their auspices.

### THOMPSON NOMINATED.

Democrats and Populists Agree Upon One Man For Governor.

Grand Island, Neb., June 25.—Senator Allen addressed the Populist convention, making a strong plea for the nomination of William J. Bryan for governor.

A delegate mounted a chair and moved that Bryan be nominated by acclamation. The motion was carried in the midst of cheering and applause.

The conference committee was instructed to notify the Democratic convention of the action of the Populists.

Five minutes later, before the Democrats knew of the action of the other convention, C. J. Smyth appeared and announced his willingness to withdraw in favor of anybody who could be nominated by the two bodies. The proposition was received with a chorus of "noes."

The Democratic convention was notified of the nomination of William J. Bryan by the Populist and the withdrawal of Harrington.

Smyth, who had been nominated by the Democrats, expressed his willingness to withdraw or stand for the nomination at the pleasure of the convention.

Bryan took advantage of the opportunity to address the convention, making a plea for harmony and fusion, and at the same time declining to be nominated himself.

The convention then began balloting in which Harrington was leading when the latter declined absolutely to accept. At this point the convention adjourned.

At 11 o'clock both conventions nominated W. H. Thompson of Grand Island for governor.

### Kilauea Is Active.

San Francisco, June 25.—The bark Roderick Dhu brings news from Hawaii that Kilauea volcano is more active than at any time since the outbreak four years ago. Since June 3 smoke and flame have been issuing from the crater in great quantities. From Hilo the sky in the direction of the volcano resembles a great stork cloud by day and at night the flaming torch above the crater can be seen for many miles by vessels passing the island. In the vicinity of the crater the earth trembles almost constantly and subterranean rumbling is heard. It is believed a still greater eruption is coming.

### Captain Patrick Dead.

San Antonio, June 25.—Colonel E. H. Jenkins, president of the combined electrical interests of San Antonio, died here Wednesday after short illness of bladder troubles. A great shock to the community, the most popular man the city ever had and the idol of the laboring man, although he only lived here three years. He done great work in rebuilding the car lines and light plants. He could have had any political office in the gift of the people had he asked for it, notwithstanding his connection with the corporations.

### Captain Patrick Dead.

Austin, June 25.—Captain H. D. Patrick, father of Albert T. Patrick, convicted of the murder of Millionaire Rice, died suddenly at his home here Wednesday, death being caused by heart failure. He had risen early as was his custom and gone out on the porch to read the newspaper. A servant found him dead in his chair about half an hour later. Up until his death he was apparently in good health. He ate a hearty supper and when he retired he appeared to be in excellent spirits. He was 70 years old.

# STATEHOOD MEASURE

It Has Displaced Cuban Reciprocity  
in the Senate.

## CANAL LEGISLATION.

The House Conferees Will Accept the  
Senate Amendment Rather Than  
Have the Measure Go Over.  
Proceedings of Congress.

Washington, June 25.—The omnibus  
statehood bill has displaced the Cuban  
reciprocity measure as an object of in-  
terest in the senate. For the present  
the concern of senators centers around  
Senator Quay's motion to discharge  
the committee on territories from fur-  
ther consideration of the bill with the  
purpose of bringing it into the senate  
for immediate consideration. There is  
determined opposition to the motion  
on the part of a majority of the Repub-  
lican senators.

The statehood forces claim a majori-  
ty of 2, which give them 13 of the Re-  
publican senators, the Democratic  
side being solid. The opposition admits  
there are enough doubtful votes to  
make it possible, and say that until  
they have unqualified assurances of  
the 45 votes necessary to lay the mo-  
tion on the table they will prevent a  
vote on it. The friends of the bill  
have offered to cease their efforts in  
case a day early in the next session  
can be named for reporting the bill to  
the senate and for taking it up by that  
body, but this concession has not been  
made. There is even talk that the day  
of final adjournment may be post-  
poned, but this is not probable.

## Isthmian Canal Bill.

Washington, June 25.—The con-  
ferees on the isthmian canal bill held  
a meeting Tuesday. In view of the  
prospects of an early adjournment, ap-  
prehension was expressed by house  
members that a prolonged contest in  
the conference might lead to the post-  
ponement of all canal legislation. But  
when this prospect was suggested to  
some of the house conferees, who are  
thoroughly aware of the situation, it  
was stated that there was practically  
no doubt that canal legislation of some  
sort would be effected owing to the fa-  
vorable temper of the house toward the  
senate amendment. The conference  
continued for an hour and a half. It  
was largely devoted to the discussion  
in the legal aspect of the Panama  
route, but no settlement of that point  
was reached.

## The Senate.

Washington, June 25.—The senate  
Tuesday passed bills creating a na-  
tional forest reserve in the southern  
Appalachian mountains and ratifying  
the agreement between the Choctaw  
and Chickasaw Indians, of the Indian  
Territory and the United States.

The first bill provides for the pur-  
chase of 4,000,000 acres in the south  
Appalachian system at a cost not to  
exceed \$10,000,000. The secretary of  
agriculture is to designate the lands  
to be purchased, and is to take mea-  
sures to preserve the hardwood forests  
which they contain.

Mr. Gallinger, N. H., offered a reso-  
lution declaring that the present phe-  
nomenal prosperity in all lines of  
business and industry in the United  
States is largely due to the existing  
tariff law and the best interests of  
the country demanded its continuance  
and gave notice that he would ad-  
dress the senate on the resolution at  
a later date.

The resolution offered by Mr. Bailey  
in the case of Belinberg against Scott  
went over at Mr. Bailey's request.
